THE ADVENTURES OF CASHMAN AND SUPERSAVER

ABOUT THE AUTHOR

Kristine Lidstone

Kristine Lidstone has worked in finance for over thirty years, and in her various roles she became very aware that younger generations lacked basic knowledge in the areas of everyday banking and credit. She became an advocate of educating people on successfully managing their finances and building financial literacy through financial education presentations and workshops for all ages, from Kindergarten to Seniors.

Kristine lives in Vernon, British Columbia, with her husband and Golden Retriever, Lincoln. When she is not working, her absolute favorite thing to do is spend time with her family and beautiful grandchildren at their cabin on the lake or cheering them on in all of their sports like soccer, baseball and ringette.
